

## Announcing DEXIS as an Edge First Practice Program Partner

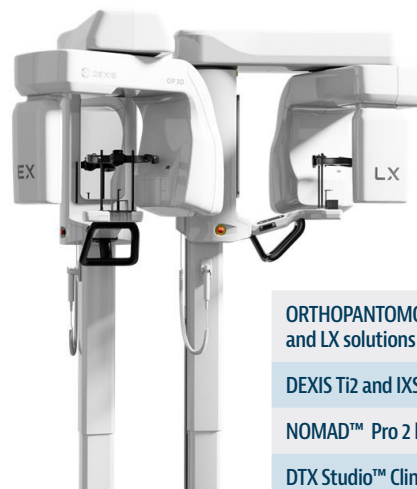

For decades, DEXIS has been at the forefront of dental imaging innovation—empowering practices with advanced diagnostic tools that enhance patient care and streamline workflows.

We're excited to announce that DEXIS is now a DCI Edge First Practice Program Partner. **Through this collaboration, dental professionals can access exclusive pricing on DEXIS's award-winning imaging solutions**, including sensors, intraoral scanners, and imaging software platforms designed to elevate diagnostic precision and treatment planning.\*

This partnership ensures that new and growing practices can invest in premium technology while maximizing their startup budgets.

\*Exclusive DEXIS pricing valid on qualifying U.S. orders only. Not available in other regions. Terms and conditions apply.

Significant savings on:

ORTHOPANTOMOGRAPH™ OP 3D™ EX  
and LX solutions

DEXIS Ti2 and IXS sensors

NOMAD™ Pro 2 handheld x-ray system

DTX Studio™ Clinic AI-powered imaging software

**From diagnosis to delivery with one connected solution**  
DEXIS now offers a completely integrated system that connects and streamlines the digital workflow.

The DEXIS digital ecosystem is an all-in-one, AI-powered solution, combining 2D and 3D imaging, intraoral scanning, diagnostics, and treatment planning into one integrated workflow.
