

LIKE NEW PERFORMANCE AGAIN AND AGAIN AND AGAIN.

DuraTip® Ultrasonic Inserts

DuraTip inserts redefine scaling by providing **like new performance** (with no noticeable efficiency loss) for the **entire life of the insert**.

In stark contrast to conventional non-DuraTip inserts which lose 25% of their scaling efficiency after only 1 mm of tip wear and an astounding 50% of their scaling efficiency after 2 mm of tip wear.

Developed over thousands of hours by Parkell engineers in close collaboration with teams of hygienists, Parkell's patented DuraTip inserts achieve the previously unthinkable: continuous excellence (consistent peak performance) through an unprecedented 3 mm of tip wear (as was validated over a year of field testing). In other words, DuraTip ultrasonic inserts are ideally suited for every stage of patient care, as their continuous like new scaling efficiency translates into lesser pinch pressures, vastly superior performance over time, and lesser chair times than is associated with partially worn conventional tips.

- ✓ **Patented Design and Structure:** Proprietary internal geometries work synergistically to create DuraTip's signature consistent performance and unprecedented peak scaling efficiency.
- ✓ **Innovative W-Stack:** Precision-cut nickel alloy stacks are pressed into a novel W-stack configuration, which results in substantially increased handling durability and optimized vibrational energy transfer across the entirety of the insert. This translates into previously unimaginable consistency of scaling power at the tip.
- ✓ **Proudly** designed and manufactured in the USA.

Scaling Efficiency after Wear (mm)*

* Standard deviation of $\pm 10\%$.

** Wear Guides for all conventional non-DuraTip inserts instruct clinicians to discard inserts once there is 2 mm of distal tip wear.

- ✓ **Ergonomic, Anti-Slip Soft Grip with Optimized 12 mm Outer Diameter Texturing:** for maximum ergonomic support and ease of handling.
- ✓ **100% Quality Inspection:** Each and every DuraTip insert is subjected to Parkell's multi-point quality and performance inspections by Parkell's decades-trusted quality and engineering teams, to ensure that you will have the same incredible scaling experience every time you open a DuraTip box.

parkell®

Features:

Patented Design and Structure

Proprietary internal geometries work synergistically to create DuraTip's signature consistent performance and unprecedented peak scaling efficiency.

Ergonomic, Anti-Slip Soft Grip

Optimized 12mm Outer Diameter Texturing for maximum ergonomic support and ease of handling.

Innovative W-stack

Precision-cut nickel alloy stacks are pressed into a novel W-stack configuration, which results in substantially increased handling durability and optimized vibrational energy transfer across the entirety of the insert. This translates into previously unimaginable consistency of scaling power at the tip.

Performance Guides

DuraTip inserts are paired with their own color coordinated Performance Guide (included with every insert). While DuraTip inserts maintain consistent peak efficiency up to an unprecedented 3mm of wear, it is important to regularly check tip wear so that use beyond this point is minimized.

What Clinicians Are Saying About DuraTip Inserts!

“ We have been using the Parkell DuraTip inserts for 6 to 7 months on over 200 patients and **they are as efficient as when we first got them.** I have seen a lot of things over the years, but nothing compares to the Parkell DuraTip insert.

With 3mm of wear, you lose zero percent of the efficiency of the DuraTip®, **because it is so efficient I do less hand scaling, so the appointment times are less and my productivity is more.**

The Parkell DuraTip® inserts will enable our practice to **save money over the long run** because of the efficiency of that tip. Even with that 3mm of wear we are going to get 100% efficiency and that working end is going to last a lot longer than the competitors. ”

— Cathy Hendrickson, RDH

“ I absolutely love them. I have been here in this practice for as long as I have been a hygienist, 30 years! **These are the best tips I have ever used.** They remove everything with ease, like cutting butter. So, much quicker with the DuraTip and super effective. Looking forward to my continued use of them and will definitely be my tip of choice! ”

— Dia Borrow, RDH

NEW Product - Special Offer

PureClarity™

Buy 3 NEW PureClarity Scaler Waterline Purification Systems, Get 1 Free*

Get infectious pathogens out, then KEEP them out. The New PureClarity™ Scaler Waterline Purification System¹ transforms any source water into EPA-compliant water (<500 CFU/ml) for up to 6 months.²

D719 PureClarity™ Scaler Waterline Purification System
Includes (1) 20 ml Shock Syringe and (1) PureClarity Filter.
(Shock solution not included.)

1. Patent pending.
2. Depends on total dissolved solids (TDS) in source water and volume of water used.

Featured Product - Special Offer

DuraTip®

Buy Any 3 DuraTip® Inserts, Get 1 Insert Free* (of equal or lesser value, mix-and-match)

New! DuraTip® Perio Slim Left & Perio Slim Right inserts provide better access and adaptation to posterior teeth and root anatomy. The curved design of the left and right inserts allow hygienists to reach challenging areas, such as distal and mesial surfaces of molars and premolars, furcations, concavities and deep periodontal pockets.

DURA30-PSL NEW! DuraTip® Perio Slim Left
DURA30-PSR NEW! DuraTip® Perio Slim Right
DURA30-US DuraTip® Universal Slim
DURA30-PS DuraTip® Perio Slim
