EASYTHREAD[®] FLOSS

Office Dispensers
(6 dispensers of 50 uses each)

Item #3210

Ease of Use

Eliminates tangles, as well as the need to touch floss strand multiple times as is often required when trying to remove floss from a box or bag.

Ease of Dispensing

Double-ended threader ensures uninterrupted use; if a single threader wears out, another is available on the same strand. If the floss is pulled too far past the threaders, the blue wheel rewinds it back into the dispenser, eliminating waste.

Cleaning Effectiveness

The threader sections are sufficiently firm to fit tight spaces without irritating the gums. The puffy texture of the floss enables filling of hard-to-clean areas.

GUM[®] EasyThread[®] Floss

A good option to clean around braces, retainers, crowns, bridges, implants, and orthodontic appliances.
