

Expand your capabilities with A-dec® and Dentsply Sirona Midwest®.

Grow your practice with restorative, endodontic and implant together in one intuitive, integrated solution.

Reduced complexity. More possibilities. Powered by A-dec+ connectivity, your A-dec Pro delivery lets you seamlessly transition between Midwest's restorative, endodontic, and implantology capabilities. No redundant equipment. No manual adjustments. Just precision control, enhanced efficiency—and countless new possibilities for growing your practice.
